St Robert Bellarmine Catholic Primary School

We Are God's Work of Art

We would like to thank the many parents and carers who continue to park safely and thoughtfully around the school. While most of our school community follows the parking guidelines, we have noticed a few occasions where parking has caused concerns for pupil safety and some disruption to our neighbours. We kindly ask that all drivers remain mindful of how their parking choices can affect others.

Dear Inconsiderate Driver's,

As a school council, we are very concerned you are putting our pupils lives in danger. Within our school, teachers, staffs and pupils feel safe but when we are entering or leaving we don't. This is because parents and other adults are parking dangerously on the pavements and yellow zig-zag zones. No matter how much we have tried no-one is listening to us.

Please take notice of us, Park away from our school and keep us safe. Don't let your parking hurt or take a child's life because you haven't listened.

Please take this seriously before it's too late.
