

SHOW RACISM THE RED CARD EVENT REPORT

Going to Goodison:

The other day, me and my friends went on a trip to the Everton stadium. We went to the “Show racism the red card” event. We learnt about what racism and how people are affected with racist comments.

What racism is:

We learnt that racism is when someone is judged by the colour of their skin, their gender, religion and where they come from. So in conclusion, we learnt three things. The first thing is that treat people the way you would want to be treated, never judge people by the way they look and if you don't have anything nice to say, don't say anything at all. We all now know, that we should always treat people fairly and just be kind.

Asking Questions:

After talking about racism and what is, we then got to ask some of the Everton football players and some other important people at Everton, questions about racism. Me and my friends really enjoyed it and we all thought it was informative and fun too.

On the way out:

On the way out, we got to meet the two players who were on the panel and gave us each a poster with their signatures on it. Me and one of my friends were delighted with it as us and our parents are massive Everton fans. Then we went back to school and then, such an amazing day came to an end. We learnt so much about racism and had a really good time.
